VORWORT

"Am Anfang war das Wort, und das Wort war bei Gott und das Wort ist Gott".

- Johannes - 1, 1

Gott erschafft das ganze Universum mit einem Göttlichen Klang. Und derselbe Klang manifestiert sich in der Stille unseres Herzens. Es ist der Klang der Liebe, welcher unser ganzes Sein mit einer tiefen Glückseligkeit erfüllt. Dieser Klang überströmt jeden Gedanken mit der Kraft eines Tsunami und vertreibt ihn mit der Süße einer Zärtlichkeit.

An diesen Klang-Herrn habe ich mein Leben gebunden und mich zum Knecht des Höchsten Herrn - den Schöpfer des Klanges - gemacht. Ich bin in diesen Kosmischen Ozean getaucht und beim Ertrinken habe ich gerufen: "Nun bin ich nicht mehr, nur Er, Er allein." Nur ein unmerklicher Hauch hat in all dieser Stille meine Lippen gestreift: Danke, Herr.

Möge jedes Lebewesen diese unendliche Freude kennenlernen und somit den Sinn des eigenen Lebens entdecken.

Om Shanti, Swami Nirvanananda

Oh Deine unermessliche Gnade,
wie süß ist dieser Klang, der einen Armseligen wie mich erlöst hat.

Zuerst war ich verloren, aber nun hast du mich gefunden.

Zuerst war ich blind, aber nun kann ich sehen.

– John Newton, 1772

INTRODUCTION

“In the beginning was the Word, the Word was with God, and the Word was God.”
– St. John: 1,1

God created the whole universe with a Divine Sound. And the same Sound is manifesting in the silence of our hearts. This is the Sound of Love that is filling all our beings with a profound Bliss and is flooding and blowing away all our thoughts with the power of a tsunami and the sweetness of a caress.

To this Sound-Lord I bounded my life and to the Supreme Lord – Creator of the Sound – I have made myself a slave. In this Cosmic Ocean I dove and then drowning, I cried: “No more am I. He alone, He alone.” Then in that deep silence, an inaudible sigh barely touched my lips, “Thank you Lord.”

May every creature know this sublime Joy and therefore discover the real meaning of life.

Om Shanti, Swami Nirvanananda

“Amazing Grace, how sweet the Sound that saved a wretch like me.
I once was lost, but now I am found, was blind, but now I see.”
– John Newton, 1772

INTRODUZIONE

“In principio era il Verbo, il Verbo era presso Dio e Dio era il Verbo”.

– Giovanni: 1,1

Dio crea tutto l’universo con un Suono Divino. E lo stesso Suono si manifesta nel silenzio del nostro cuore. Questo è il Suono dell’Amore che riempie tutto il nostro essere di una profonda Beatitudine, che inonda e spazza via ogni pensiero con la forza di uno Tsunami e la dolcezza di una carezza.

A questo Suono-Padrone ho legato la mia vita e del Signore Supremo - Creatore del Suono - mi sono fatto schiavo. In questo Oceano Cosmico mi sono immerso e poi annegando, ho gridato: “Ora non sono più, solo Lui, solo Lui”. Poi in tutto questo silenzio solo un soffio impercettibile ha sfiorato le mie labbra: Grazie, Signore.

Possa ogni creatura conoscere questa Gioia infinita e scoprire così lo scopo della propria Vita.

Om Shanti, Swami Nirvanananda

Oh, la Tua incredibile Grazia,
che dolce quel Suono che ha redento un miserabile come me.

Prima ero perso, ma ora mi hai trovato.

Prima ero cieco, ma ora posso vedere.

– John Newton, 1772

The days of praise within your house

Bm11 Em7
When it's mine to hope in God
F#m7 Em7
I shall again sing praise to Him
A11 D9
He is my help, He is my God

Cercando il fiume corre la cerva
Così il mio cuore anela a Te
É assetata l'anima mia di Te
Quando potrà specchiarsi in Te?

Per lunghe notti e dì ho solo pianto
Mi hai scordato oh mio Signore?
Fai appassire così il mio cuor
Che senso ha una vita senza Te?

E quel tormento mi strugge ancora
Finché la speranza rinasce in me
Con canti e lodi esulta il mio cuor
Sei Tu la pace, il mio vero Amor

Everywhere I turn, there is emptiness and pain
When I close my eyes I see your face
I call out your name and pray for your grace

O Maa I want to be with you everywhere
O Maa I want to be with you everywhere

Love eternal, Love divine
Maa fill my heart and fill my mind
With the light of your love guide my way
Make me your child I humbly pray

The sky within my heart beyond all galaxies

You are the Light of God the sun and stars above

The sky within my heart Beloved Guruji

You are the Love of God an endless Joy in me

My peace dreams and calls: Joy, Joy, Joy, Joy
And my joy comes singing evermore...

Hallelujah Hallel ujah,

We come in deepest silence now
And give a fruit, a fragrant rose
No words can say how much we're feeling grateful
We cast our Karma at Thy feet
The Promise of Eternal Love
Sincerely whispering words of a lover:
"Yes, I do. Yes, I do"
"Yes, I do. Yes, I do"

Hallelujah, Hallelujah
Hallelujah, Hallelujah

Yes I love You. Yes I love You
Yes I love You. Yes I love You .

How Great Thou Art How Great Thou Art

When through the woods, and forest glades I wander,
And hear the birds sing sweetly in the trees.
When I look down, from lofty mountain grandeur
And see the brook, and feel the gentle breeze.
Then sings my soul, My Saviour God, to Thee,
How great Thou art, How great Thou art!

When Christ shall come, with shout of acclamation,
And take me home, what joy shall fill my heart.
Then I shall bow, in humble adoration,
And then proclaim: "My God, how great Thou art!"
Then sings my soul, My Saviour God, to Thee,
How great Thou art, How great Thou art.

O Mother...

Oh Madre...io Ti chiamo con tutta l'anima,
nel silenzio più non puoi restar.
Chiama mia Madre, con tutta l'anima,
nel silenzio più non può restare,

Oh Madre... sorti dal silente cielo,
sorti fuori da questa valle,
esci dall'anima mia segreta,
dalla casa del silenzio.

NO KARMA

Em **Bm**
Being detached from fruit of action, always satisfied,
Am9
independent, he performs no fruitive action
Bm11
although involved in so many /
Em **Bm** **Am** **Bm11**
activities / activities / activities / activities

Em **Bm**
Such a person who has given up all sense of possession,
Am9
who is disciplined and spiritual inclined,
Bm11 **Em**
performing actions / incurs no Karma
Bm **Am9** **Bm11**
incurs no Karma / incurs no Karma / incurs no Karma

Expecting nothing and content with every outcome,
overcoming dualities, free from envy, steady facing any
success or failure / success or failure

A liberated soul firm in knowledge, who is detached
and acts only in sacrifice dissolves / all his Karma /
all his Karma / all his Karma

If one's thoughts are fully absorbed in the Absolute
then all his spiritual offering also becomes
part of the same Absolute / Absolute

Some practice breath control offering inhalation
into exhalation and exhalation into inhalation
controlling both / controlling both

Other offer their vital force by curbing
their intake of food and control of their breath,
in and out / Control your breath / Control your breath

Their highest sacrifice is that of wisdom
which is superior, because whatever may be accomplished
by action is realized by wisdom / realized by wisdom

That wisdom can be acquired through humble resignation,
significant queries and by
rendering service to the wise
who realized the truth / realized the truth

Once you have gained that wisdom,
you will be no more deluded
for that knowledge enables you to see
all living beings as one with you / one with you

The fire of supreme knowledge reduces
all karmic reactions to ashes just as a raging fire
reduces wood into ashes / into ashes

One who has faith / and with controlled senses
is devoted to attain this wisdom, he quickly
attains the / supreme peace / supreme peace

Having thus removed your doubts arising
from ignorance with the sword of knowledge,
take refuge in Yoga and live in me / in Yoga

The way to attain liberation is to concentrate
between the 2 brows, equalizing one inhalation
and exhalation, controlling the senses and your mind
control your mind / control your mind

Just as a lotus leaf remains untouched
even when lying inside water, one who
finds joy in the self, united with God in Yoga
attains / happiness / boundless happiness /
endless happiness / Divine happiness

Buio, fermo ed immobile contemplava Sè stesso nell'Eternità
Poi una luce, lenta vibrazione uno squarcio ed il suono allor vibrò
e da quel silenzio creò.
Come cerchi, onde che si espandono dalla quiete nacque il respiro
Se la Luce ha in sé l'arcobaleno gioca in ogni goccia l'infinito cielo
e la Luce scioglie ogni velo
Vola in ogni nido, danza in ogni fiore
di Bellezza riempie l'infinito
Poi il pensiero che si sveglia al mattino e negli occhi tuoi
ricorda all'improvviso chi è
Nasce la Coscienza di Sé anche in me, nasce la Coscienza di Te.

Om Tryambakam Yajamahe Sugandhim Pushtivardhanam

A11 **G9**

Urvarukamiva Bandhanan Mrityor Mukshiya Maamritat

I bow down to you o my Lord
Of This World And Beyond.
Do Increase My Good Will,
My Love And Surrender.
And Then When I Die My Dear Lord,
May I Leave My Soul
Like A Sweet Fruit From The Tree
Just Falling Into Your Hands

Io m'inchino a Te oh mio Signor
Di questo mondo e dell'aldilà
Aumenta in me la Tua volontà
L'amore e la mia devozione
E quando muoio oh mio Signor
Possa la mia anima
Cadere nelle Tue mani
Come un frutto dal suo ramo

Dm **A#**
The Lord is my shepherd; I shall not want.

C **Am** **Dm**
He makes me lie down in green pastures.

Dm **Gm**
He leads me beside still waters. He restores my soul.

C **Am** **Dm**
He leads me in paths of righteousness for his name's sake.

Dm
Even though I walk through the valley

Gm
of the shadow of death,

C **Am** **Dm**
I will fear no evil, for you are with me

Dm **Gm**
Your rod and your staff, they will comfort me.

C **Am** **Dm**
You prepare a table before me in the presence of my enemies

Dm **Gm**
You anoint my head with oil, my cup overflows.

C **Am** **Dm**
Surely goodness and mercy shall follow me
